

Den's famous Cosmo recipe:

Serves 2

2 shots Vodka

2 shots Cranberry Juice

1 shot Rose's Lime Juice

1 shot Cointreau

Add lots of ice to a shaker. Pour ingredients over ice. Place the lid on top and shake vigorously.

*do not use Triple Sec in place of Cointreau!

Put a couple of martini glasses in the freezer a while before making and take out of the freezer when ready to pour.

This is great in the summer as a slushy! Make 5-6 batches the day before needed. Put in freezer overnight and scoop out on a hot day. The alcohol does not freeze but stays nice and slushy.

Enjoy!
